

Rancho Santa Fe
FOUNDATION

PROMOTING PHILANTHROPY SINCE 1981

IF EVERYONE DOES THEIR PART

“The progress of the world will call for the best that all of us have to give”, says Mary McLeod Bethune.

We have seen this in the last eighteen months as our community, our country and the world has had to re-think how it does business on many levels. We have seen our friends and neighbors, local and state agencies, federal and international organizations step up to address challenging times... everyone has been called upon to do their part.

At the Rancho Santa Fe Foundation, we have worked with so many of our extraordinary donors who continue to uphold the philanthropic ideals upon which our country was founded. The work and generosity that they do everyday helps to:

FEED our nation’s hungry;

ADVOCATE for those without voices and protect human and civil rights;

ENRICH the faith-based communities that provide spiritual guidance;

PREVENT diseases and treat billions worldwide;

ADVANCE biomedical research against cancer, diabetes, HIV/AIDS and other life-altering diseases;

ENHANCE healthcare facilities, equipment, programs and access for communities;

FURTHER medical research, education, scientific information and advocacy for critical medical associations;

PROTECT and conserve valued land and endangered species;

BUILD dramatic new facilities for arts and cultural institutions;

ESTABLISH standards and develop programs for important industry associations;

CONSTRUCT new buildings, support programs and establish endowment for leading institutions of higher education; and

SUPPORT underserved populations.

Thank you for the work that you do, each and every day, to make our world a better place.

Best wishes for a Healthy, Prosperous and very Happy New Year.

The Board of Directors and the Staff of the Rancho Santa Fe Foundation
